Fire Safety Day 2014 - a yearly event

This is the announcement for the third Fire Safety Day on Wednesday June 12th 2013 at the Technical University of Denmark.

The Fire Safety Day is an event carried by the Fire Safety Group at the Technical University of Denmark.

The day will put focus on fire research in Scandinavia. Contributions from other countries are more than welcome. The conference language is English.

Fire Safety Day shall be a meeting point for all of you who are interested in and work with different aspects of fire. The day shall give a lot of opportunities to tie band between fire industry, municipalities and University.

At Fire Safety Day you will have the opportunity to get information on different aspects within fire research.

Objective

The objective of the Fire Safety Day is to put focus on fire research in Scandinavia. However, contributions from other countries are more than welcome. All topics within Fire Safety are of interest.

The conference comprehends a poster session and parallel sessions.

The topics range from fire safety aspects concerning pre flash over to post flashover, fire dynamics and -chemistry, forensics, evacuation and human behavior, fire risk management as well as structural fire safety and management of rescue service.

Organizing committee

Anne Dederichs, Janne Sørensen, Lise-Lotte Abildgaard, Technical University of Denmark.

Scientific committee

Ulf Wickström, LTU, Sweden
Anne Dederichs, DTU, Denmark
Bjarne Hagen, HSC, Norway
Björn Karlsson, IU, Island
Simo Hostikka, VTT, Finland.
